

**Products Supplied:**

- Frameless Series Shower Enclosures

*Project Case Study*

Precision Meets Prestige at JW Marriott Reston Station.

 *Objectives*

 *Challenges*

 *Solutions*

HMI Glass delivered premium frameless shower enclosures for the JW Marriott Reston Station — the first JW Marriott in Virginia — supporting the property’s modern luxury vision across both hotel and branded residential spaces. With distinct project teams, specifications, timelines, and enclosure types advancing concurrently, success required disciplined coordination and precise execution to maintain construction momentum. A structured dual-track approach, driven by proactive communication, detailed field verification, and tightly aligned fabrication and installation, ensured consistent quality, efficient delivery, and a seamless aesthetic throughout the development.
